SMPS Maine Sponsorship Opportunities

The Maine Chapter of the Society for Marketing Professional Services is **THE** place to reach the leaders in the architecture, engineering, and construction industries in the region. We are a non-profit organization focused on promoting and advancing the marketing profession and the industries we serve through education, networking, and career development. We are made up of firm principals, business development executives, and marketing directors, coordinators, and assistants.

Because of our non-profit status, your sponsorship dollars are fully reinvested into the chapter by enhancing programming and the quality of our speakers, increasing the frequency of networking events, building awareness of the organization and our industry, and supporting community and volunteer opportunities.

Our database of nearly 1,000 people puts you in front of the principals, senior marketers, and professionals in the regional A/E/C industry. We offer monthly programming from September-June, with various educational and networking events for you to keep your fingers on the pulse of current and future trends in the A/E/C industry.

An SMPS Maine sponsorship gives you high visibility at a reasonable cost!
